INTRODUCTION

The petition submitted by Adams Street Enterprises LLC is to change the zoning classification from General Business District to Commercial District for 16.158 acres of land, the same property rezoned from Industrial District (now Commercial District) and one lot from Residence B to General Business District by Article 74 of the April 2, 1974 Annual Town Meeting.

The property subject to the zoning change is shown on Plan entitled, "PLAN OF COMPILATION OF LAND", dated April 25, 2018, revised 5-29-2018 being two sheets, filed in the Norfolk Registry of Deeds on 6-14-2018 in Plan Book 670, Pages 37 and 38 (the "Rezone Exhibit Plan").

I. Existing Zoning Classification

Existing zoning classification for the 16.158, acres is General Business District, as shown on the Rezone Exhibit Plan. The property was formerly operated by A. Graziano, Inc. as a concrete batch plant. The property subject to the zoning change contains 16.158 acres of land. See Exhibit 1 attached.

Article 74 of the April 1974 Annual Town Meeting changed the zoning classification from Industrial District to General Business District and 8-10 Arnold Street (Assessors MAP 2008 Plot 4D) from Residence B to General Business District. See Exhibit 2 attached.

II. Why is the Rezone Sought?

1. To restore uniformity of zoning consistent with surrounding zoning classifications and land uses;
2. The rezoning by Town Meeting in 1974 – although petitioned by the landowner resulted a use classification different from the majority of surrounding properties;
3. The rezoning will assist the Town in promoting the uniformity requirements of G.L. Chapter 40A or furthering a comprehensive zoning plan; and
4. Rezoning promotes the public welfare and purposes of the Zoning Act.

III. Public Benefits to General Area and the Community

1. Rezoning to Commercial District of the 16.158 acre site restores a uniformity of zoning of the property consistent with the majority of adjacent land use. The change in zoning classification will result in a coherent and consistent zoning district that will promote potential enhanced tax revenues, future employment and business opportunities consistent with the use of surrounding properties.

## WRITTEN NARRATIVE

INTRODUCTION

The petition submitted by Adams Street Enterprises LLC is to change the zoning classification from General Business District to Commercial District for 16.158 acres of land that is the same property rezoned from Industrial District (now called Commercial District) and one lot from Residence B to General Business District by Article 74 of the April 2, 1974 Annual Town Meeting.

The property subject to the zoning change is shown on Plan entitled, "PLAN OF COMPILATION OF LAND", dated April 25, 2018, revised 5-29-2018 being two sheets, filed in the Norfolk Registry of Deeds on 6-14-2018 in Plan Book 670, Pages 37 and 38 (the "Rezone Exhibit Plan").

I. Existing Zoning Classification

Existing zoning classification for the 16.158, acres is General Business District, as shown on the Rezone Exhibit Plan. The property was formerly operated by A. Graziano, Inc. as a concrete batch plant. The property subject to the zoning change contains 16.158 acres of land. See Exhibit 1 attached.

Article 74 of the April 1974 Annual Town Meeting changed the zoning classification from Industrial District to General Business District and 8-10 Arnold Street (Assessors MAP 2008 Plot 4D) from Residence B to General Business District. See Exhibit 2 attached.

II. Why is the Rezone Sought?

1. To restore uniformity of zoning with the majority of surrounding zoning classifications and to enable the redevelopment of the premises consistent with the adjacent land uses. The redevelopment for commercial use will require the demolition of the existing concrete batch plant; re-grading the site to its historic contours; compliance with DEP and EPA hazardous materials site remediation and implement stormwater management requirements. Restoration to Commercial Use will allow this costly redevelopment and remediation endeavor to be economically feasible.
2. The rezoning by Town Meeting in 1974 – although petitioned by the landowner resulted a use classification different from the majority of surrounding property.
3. The rezone will allow for conformity to Zoning Ordinance Table of Uses.

---

III. Public Benefits to General Area and the Community

1. Rezoning to Commercial District restores the 16.158 acre site to be uniformly zoned with the majority of adjacent land use. The change in zoning

classification will allow for the site remediation and clean-up, and redevelopment of the site from an antiquated concrete batch plant to a proposed modern business and light industrial use center that will provide enhanced tax revenues, and provide for future employment and business opportunities that are allowed (by right or special permit) in the Commercial Zoning District.

2. Secondary benefit:

(a) rezoning will allow for a functional reuse of the site;

(b) will enable future development to clean-up contamination under the jurisdiction of DEP and EPA by a Licensed Site Professional (LSP);

(c) improved vegetative buffer for the Monatiquot River and restoring historic site contours and grades;

(d) implement improved stormwater managements systems to DEP standards; and

(e) provide possible passive recreation opportunities to the community along the riverfront.
