

10/4/17

Braintree Landing Project

Project Update

- Construction progressing per master schedule. Anticipated turn over/leasing mid-January
- Exterior façade construction nearing completion. Expect periodic lane closures along Commercial St for brick installations thru 10/13
- Exterior site work underway, anticipated duration 6-8 weeks
- Municipal parking lot and utility construction anticipated to start mid-October. Note this construction will require a 30 day closure of this parking lot, which will be supplemented by the dirt lot adjacent to the property. Per Special Permit Requirements, 48 hour notification of start of this work will be issued to community group and town officials.
- Expect heavy trucking during construction hours
