

Braintree Town Council

ORDER NO: 20 052

DATE FILED: JULY 15, 2020

REQUEST OF: NATIONAL GRID

National Grid hereby respectfully requests your consent to the locations of mains as hereinafter described for the transmission and distribution of gas in and under the following public streets, lanes, highways, and places of the Town of Braintree and of the pipes, valves, governors, manholes and other structures, fixtures and appurtenances designed or intended to protect or operate said mains and accomplish the objects of said Company; and the digging up and opening the ground to lay or place same:

To install and maintain approximately 885 feet of 2 inch gas main in River St., Railroad St. and Hooker St. from Washington St. to the end of the main. Total main installation 885 FT with staff recommendations:

BELD: Please note, BELD has a 115,000-volt oil filled transmission line located on River Street to Washington Street. BELD Engineering should be notified in advance of any excavation to be performed near this line. BELD will provide onsite support and safety personnel at no cost to the project. Please see attached drawing of the locations of services.

DPW: These sections of River St., Railroad St. and Hooker St. are not under the moratorium. The streets have not been resurfaced in several years. All three streets are scheduled to have new water mains installed and we would recommend that the petition for these streets be granted as soon as possible so that both the water main and gas main projects can be coordinated and completed in a timely manner. The petition should be granted under the normal conditions, with emphasis on the requirements that the gas main be laid outside of the new water main trenches and that the trench pavement not be left low for any length of time. We also recommend that the following requirement be added to the permit, if it is to be granted:

“Neither National Grid nor any of its contractors is authorized to close any street or to close a direction of travel to facilitate their work without authorization from the Director of the Department of Public Works or the Highway Superintendent. The Chief of Police can also authorize a closure for a police or fire emergency. Construction zone traffic safety issues are to be addressed by using appropriate traffic control signs and devices and the use of police officers for traffic control to safely guide traffic through the work zone. If a closure is authorized by the DPW, it shall not be implemented until signs and police officers (where needed) are properly in place in conformity with the written plan prepared by the contractor’s engineer and approved by the DPW and Police Department.”

PETITION OF NATIONAL GRID FOR GAS MAIN LOCATIONS

#20-052

Town of Braintree / Town Council:

The Nationalgrid hereby respectfully requests your consent to the locations of mains as hereinafter described for the transmission and distribution of gas in and under the following public streets, lanes, highways and places of the **Town of Braintree** and of the pipes, valves, governors, manholes and other structures, fixtures and appurtenances designed or intended to protect or operate said mains and accomplish the objects of said Company; and the digging up and opening the ground to lay or place same:

Due to a direct conflict by a proposed water main by the Town of Braintree with our gas main National grid recommends the relay of approximately: 550 FT of 2-in PL (2009) 60 psig main, 250 Ft of 2-in CS (1958) 60 psig main and 85 FT of 1.5-in BS (1919) 60 psig main with 885 FT of 2-in PL 60 psig main in River St, Railroad St and Hooker St from Washington St to the end of main. Total Main Installation: 885 FT.

Town of Braintree / Town Council:

IT IS HEREBY ORDERED that the locations of the mains of the Nationalgrid for the transmission and distribution of gas in and under the public streets, lanes, highways and places of the **Town of Braintree** substantially as described in the petition date **June 25, 2020** attached hereto and hereby made a part hereof, and of the pipes, valves, governors, manholes and other structures, fixtures and appurtenances designed or intended to protect or operate said mains and/or accomplish the objects of said Company, and the digging up and opening the ground to lay or place same, are hereby consented to and approved.

The said Nationalgrid shall comply with all applicable provisions of law and ordinances of the **Town of Braintree** applicable to the enjoyment of said locations and rights.

Date this 5th day of August, 20 20

I hereby certify that the foregoing order was duly adopted by the Town Council of the Town of Braintree, MA on the 4th day of August, 20 20.
